

PA Resolution on Housing and Community Development 8-31-10

Durham People's Alliance asks the City to identify all financing options to both revitalize Southside and redevelop Rolling Hills. We encourage the City and County to involve the Durham community in creating a comprehensive plan and strategy for affordable housing, community services, and neighborhood revitalization throughout Durham. In the meantime, we ask the City Council and County Commission to continue current levels of HOME and CDBG funding to support housing, services, and target neighborhoods, including Northeast Central Durham, Southwest Central Durham, and Southside/Rolling Hills.
